DemoPad Centro-8M

Control Processor

Specification Sheet

The CENTRO-8M is the heart of your control system, providing a link to your IP devices & control via IP, IR & optional RS-232. The Centro-8M is capable of standalone applications such as control of equipment by IP network commands, IR and (optional extra) RS-232 port. It can also be a component in a wider network of complimentary equipment such as other Centro or 3rd party products.
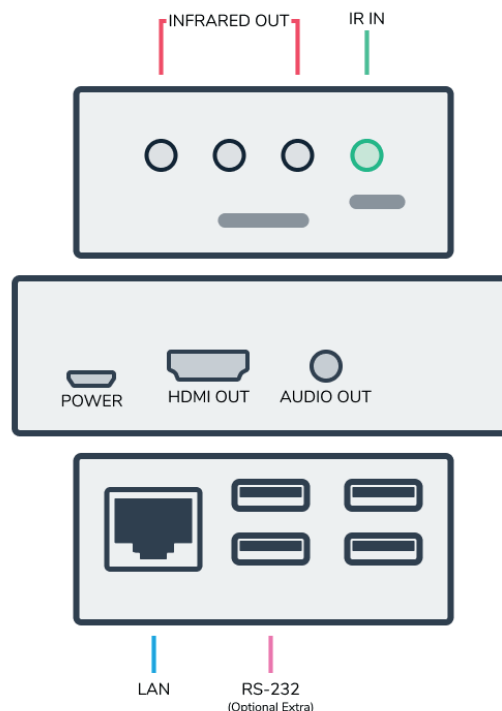

Key Features

- Extensive Control Capabilities - IP, IR, RS-232
- Configurable Timer Events
- Audio and Video outputs
- Integrated Web-server
- Free DemoPad Centro Control app
- Seamless integration with DemoPad Designer

Package Contents

- Centro-8M Control Processor
- 3x IR Emitter
